

AI Consultant – Natural Language Processing (with Mobile Working Option)

We are looking for you to join our family and work together on our vision of a better future. Our AI company is at the forefront of technology and innovation, and we need your support to push the boundaries even further. This is your opportunity to make a real impact and elevate our company to the next level.

Why Us?

With us, you will become a part of a family that is changing the world. We are passionate about developing the best solutions in the field of artificial intelligence and are in search of someone who shares this passion. We offer you:

- The opportunity to work on groundbreaking projects that are shaping the future.
- A dynamic and inspiring work environment where ideas are valued.
- A supportive family that is ready to help you grow.
- Competitive compensation and generous benefits.
- The option for mobile working, allowing you to work flexibly.

Your Responsibilities:

As an AI Consultant with us, you will play a key role in our family. You will:

- Implement and optimize machine learning models for different tasks such as document understanding, text classification, named entity recognition, and relation extraction.
- Design, develop, and customize solutions tailored to meet client needs.
- Ensure data quality and integrity by optimizing data processing pipelines.
- Stay up-to-date with the latest advancements in AI and NLP research to maintain a cutting-edge approach.
- Collaborate with clients to assess their specific business requirements and objectives

What We Expect from You:

- Master's or Bachelor's degree in Computer Science, Machine Learning, or a related field.
- Expertise in document understanding, NLP, LLMs, or a related field.
- Strong proficiency in Python and its basic libraries (including pandas and numpy).
- Experience with frameworks like PyTorch, Keras, SpaCy, scikit learn, Transformers, etc.
- Knowledge of data preprocessing and cleaning techniques.
- Good problem-solving and analytical skills.
- Good communication and presentation abilities.
- The ability to work independently and collaboratively within a team.
- A commitment to staying current with emerging technologies and methodologies.
- At least 3 years of work experience in related fields
- Fluent English language skills are required, as English is the working language within our international family.

We are looking for YOU!

Apply today and join our family!

If you are looking for an opportunity to pursue your passion for AI, NLP and document understanding within an innovative AI company while enjoying the flexibility of mobile working, we would love to get to know you. We are excited to hear from you and work together on our exciting future.

Apply now and become a part of our family that is changing the world! Please send your application to jobs@weyp.ai! Any questions? Please call Steffen at +49 151 46657842.
